EMBO scientific seminar

Biomedical Research Center, Slovak Academy of Sciences
Lecture Hall of Dionyz Blaskovic
Institute of Virology BMC SAS
Dubravská cesta 9, 845 05 Bratislava

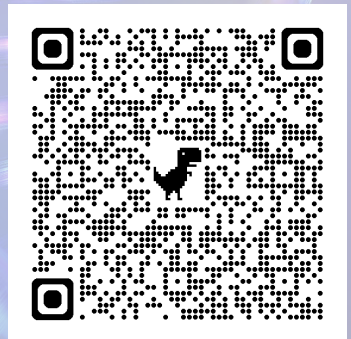

Wednesday, 20 May 2026

Please arrive by 1345

EMBO is presenting a special scientific seminar to support Slovak contributions to European science.

In addition to presentations and discussion of latest research results, the event will provide Masters and PhD students and early career researchers with information on EMBO funding opportunities in the Slovak Republic. A networking event will also give attendees an opportunity to meet senior members of the EMBO community.

- 14:00 Welcome - Martin Venhart, President of the Slovak Academy of Sciences
- 14:10 Fiona Watt, EMBO Director
- 14:30 Silvia Pastorekova: Overview of molecular biology research in Slovakia
- 14:45 Miroslav Baláž, BMC SAS
- 15:00 Katarína Mikušová, Comenius University
- 15:15 Peter Šebo, Institute of Microbiology, CAS
- 15:30 Questions and discussion
- 15:45 Fiona Watt - EMBO programmes
- 16:10 Questions
- 16:40 Networking
- 17:30 Event ends
